

# Better Teaching in a Chromebook Classroom with Edvidi

Make class time more efficient and smoother using Edvidi - what every teacher teaching with Chromebooks needs to know.

# In the Classroom

## Chromebooks In the Classroom

The core concepts of effective teaching with technology revolve around a set of practical *Teacher Needs*. These principles need to be achieved in the simplest way possible to ensure a smooth experience for both the teacher and the students.

## Technology should help Teachers to:

**MANAGE LESS** - by using solutions that apply as many activities as possible to a single class student roster.

**MULTI-TASK MORE** - by using solutions that bring together multiple commonly used technologies to use in concert.

**KEEP DISTRACTIONS UNDER CONTROL** - by using solutions that are designed to be easy in a presentation setting, with obvious controls, and are engineered to keep tech support calls to a minimum.

“

Teachers that are able to coherently integrate student technology with their curricular content will have more engaged students and see more effective learning.

# Manage Less

Edvidi streamlines your classroom technology by integrating several common features and tasks into the Edvidi interface.

## CLASS ROSTER

For ultimate ease of use, Edvidi connects directly to Google Classroom so that both classes and student rosters are mirrored.

Edvidi automatically finds the Google Classroom information associated with each user.

## EMAIL

Craft an email for one, some or all students in a class as simply as clicking a check box. Edvidi builds email list and opens the

## CLASS ANNOUNCEMENTS

Create class announcements, attach documents, add comments and more directly from Edvidi.

# Multi-task More Easily

Start video meetings, monitor students, start class chats, chat with individual students and open content to start lessons all from the Chrome browser. All of these functions can operate in separate tabs, at the same time.

## START VIDEO MEETINGS WITH YOUR CLASS

Invite your class to a Google Meet by simply checking boxes.

Edvidi knows the invite destination of your students and starts a meeting automatically. No managing multiple student lists.

## OPEN TABS ON ONE, SOME, OR ALL STUDENTS SIMULTANEOUSLY

TEST Edvidi Teacher

type url

## MONITOR DEVICES

To ensure students stay on task, monitor student devices throughout the day while students work **IN CLASS** or while attending video meetings.

## CLASS OR INDIVIDUAL CHAT

“

Concise, obvious, and usable tech solutions can eliminate the barriers that Chromebooks create between teacher and student.

Confusing tech just creates more.

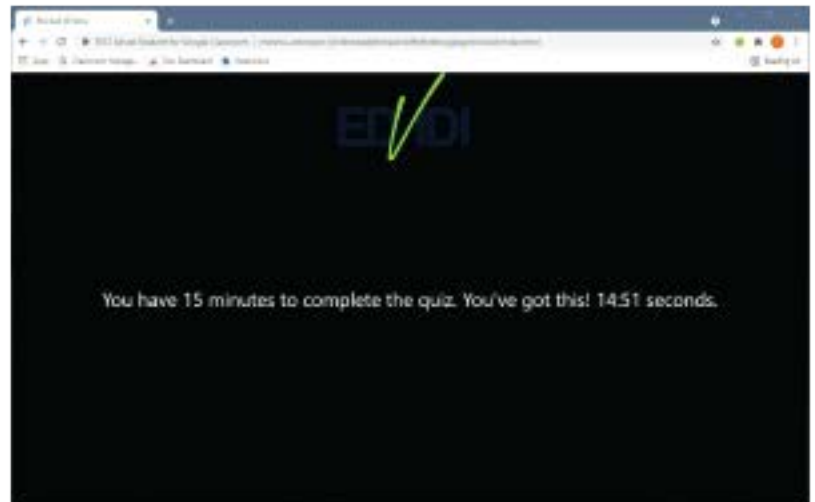

# Distraction Control

Edvidi helps teachers get and keep students attention with features like Blank Screen with Messaging, 1-click Website White Listing, and a view into a students browser history during class.

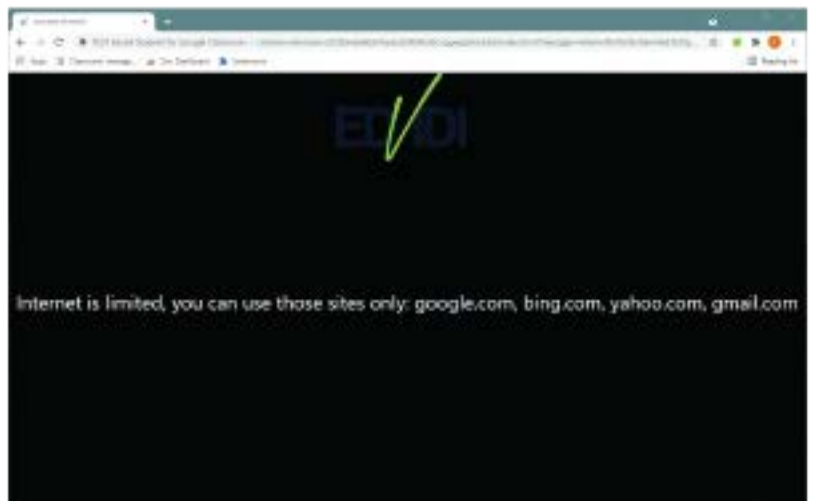

## GET STUDENTS ATTENTION

Keep your students informed and on the same page with on screen messaging that allows teachers to blank student screens, address the whole class at one time with the single click of a mouse, and even set a timer.

## LIMIT WEB SITES

Allow students access to a preset list of websites without the complicated setup. Simply add your sites and start. Perfect for after test time

## STUDENT BROWSER HISTORY

See the browser history of your class for the period you are with them.
